

Future

The 3 next decades of
comet assay

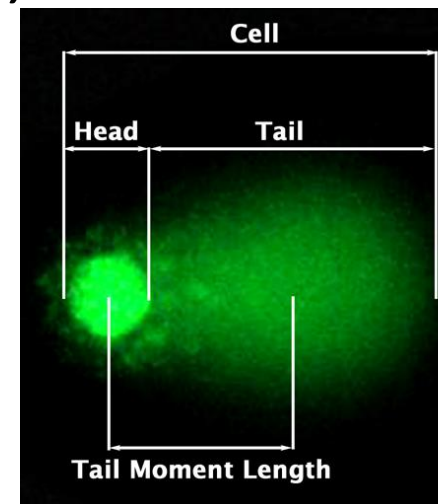

- Robotics comet assay procedure
- Standardization protocols for human biomonitoring.
- Which is the better way to analyze the data. Mean of medians, median of pooled data, etc. Data transformation or not. Parametric vs non-parametric tests.

Scoring

- Which could be the better Comet descriptor
- Is necessary an automatic scoring
- Visual, image analysis, total intensity, etc.
- Fully slides, 12 and 96 formats

- NEW DIRECTIONS
- NEW APPLICATIONS
